JOB DESCRIPTION

ATHLETIC THERAPIST – EQUIPMENT MANAGER

1. Responsible for the physical health, safety and well-being of the team. This will involve the following:
 - injury assessment and emergency response during game and practice situations;
 - pre-game and pre-practice athlete preparation (taping, splinting, ice or heat application, etc.) where necessary, encouraging athletes to be consistent in their utilization of those preventative therapies prescribed to them;
 - the provision of post-game athlete care (such as icing, assessment of possible injuries) as well as providing appropriate information and assistance as to the process that the athlete will take to have his injuries evaluated/treated by a professional
 - maintenance of accurate recording on all athletes that have sustained injuries and regular evaluation throughout all stages of injury;
 - Control and distribution of all therapy equipment and consumables;
 - Familiar with host location Medical Response Plan.
2. Daily communication with Head Coach and Team Manager regarding health status of team.
3. Responsible for the management of team equipment.
 - Ensure all necessary equipment is available and in proper condition for competition
 - Organize the distribution and collection of all equipment
 - Ensure the transportation of all equipment in a timely manner
 - Arrange for the movement and storage of all equipment at competitions
 - Arrange for laundry to be done and the equipment to be dried between each use
 - Organize the Dressing Room and Bench, ensuring a neat and tidy appearance
 - Responsible for all equipment repairs
4. Along with players' responsible for the orderliness of the dressing room.
 - Develop a system of equipment organization in and outside of the dressing room to maintain the look of a professional environment that is free of clutter.
 - Pass on this information to players to ensure that they understand the expectation and to coaches to ensure that they can reinforce it
5. In conjunction with Head Coach, development and implementation of a pre-game warm-up routine.
